

**HOW TO COPY THE DIGITAL CERTIFICATE FROM A
COMPUTER TO REMOVABLE DISK**

**FOLLOW THE STEPS BELOW TO COPY THE DIGITAL
CERTIFICATE FROM YOUR COMPUTER TO THE
REMOVABLE DISK**

STEP 1: Browse www.govca.rw website

STEP 2: Click “**Management**” link

NB: once you click on “Management link” and you see a message to install the software “**Need to install software(SecuKit NXS)**”, Click OK and download and install that software.

STEP 3: On point 1 where it is written “**Copy Certificate. You can copy a certificate**” and click “**Action.**” then click “**Action**”

STEP 4: On the next window, choose the storage of your digital certificate and select the digital certificate you want to copy. Then type its password and click “**confirm**”.

STEP 5: On the next window, select where to move the digital certificate. In our case, it is “Removable disk”, then choose the label of your removable disk (the letter your computer assigned to the removable disk) and click “**Confirm**”.

STEP 6: Click “Confirm” again

➤ **At this point you should get a pop-up message saying that you have successfully copied your certificate password.**
